Application and
requirements
uni.li/application

* Depending on Bachelor / Master programme

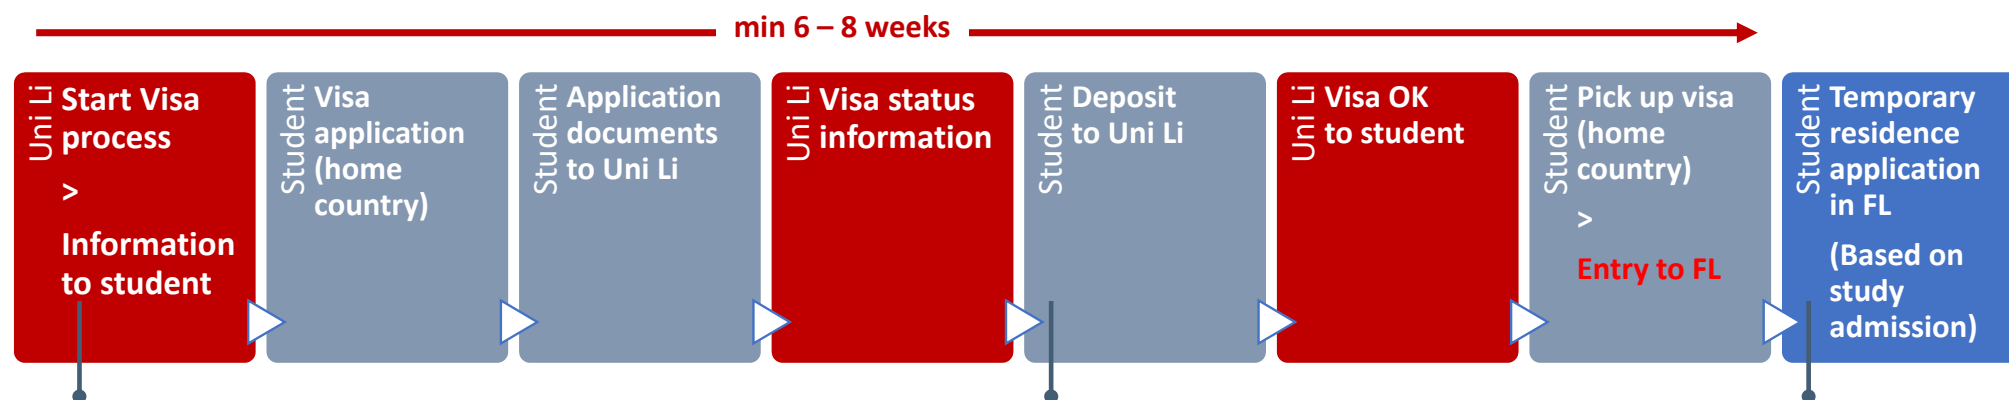

International students: online application process

* Depending on Bachelor / Master programme

International students: Visa and residence permit

Students from most third countries outside the EU/EEA/Switzerland require a visa for entry to Liechtenstein.

- As part of the application process, the University of Liechtenstein provides you with all necessary information and supports students during the visa process. **Do NOT start the visa process on your own.**
- The University of Liechtenstein provides a bank guarantee, after a deposit amounting to CHF 3,000 is paid by the student to the University of Liechtenstein.
- This amount is retained as a security deposit and will be refunded at the finish of studies.
- International students need to apply for a temporary short-term residence permit in Liechtenstein.
- If the study requirements, such as the required language certificate, are not met, admission to the programme is revoked and the residence permit is withdrawn.
