Issue 2019

1. User account

To access your library account, go to

www.uni.li/bibliothek → **Primo Metasearch**

Log on at → Click on "Sign In" (top right)

You will find your **ID number** on **your library card or Uni Lie student card**.

The **password** is your date of birth ("DDMMYYYY").

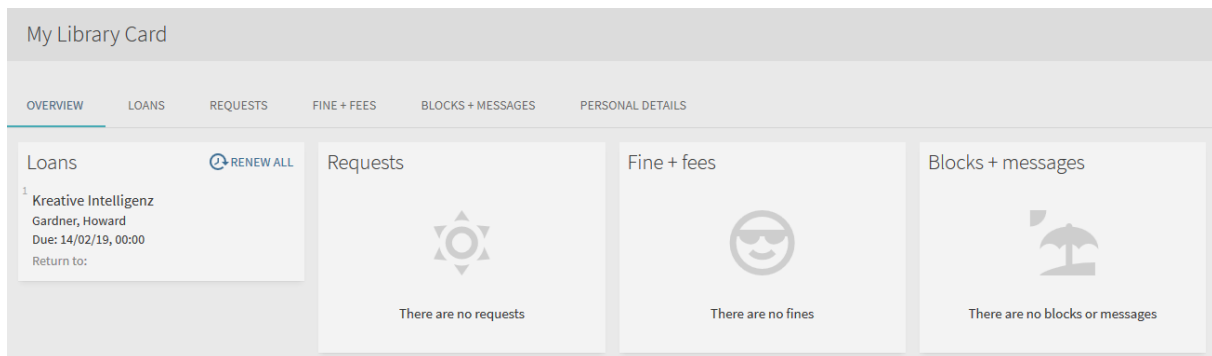

e.g. ID number: FS001234 Password: 05091994 (for 5 Sept 1994)

The guaranteed loan period for books is 14 calendar days, the maximum loan period after 5 allowed extensions is 12 weeks, if no reservation is placed on the document. Magazine issues can be borrowed once for 7 days. Items with a red label and media in the Temporary Reserve Collection (Semesterapparat) cannot be borrowed. The permitted number of borrowed media is unlimited.

Hold requests, recalls and **1st reminder** will be sent by e-mail.

We recommend that you enter a **current e-mail address** in your user account, which you check regularly.

Via your user account you can check your loans and their terms at any time and reserve media.

Books that have already been borrowed can be **reserved**. When the book is ready for collection, you will receive an e-mail message.

2. Search and find

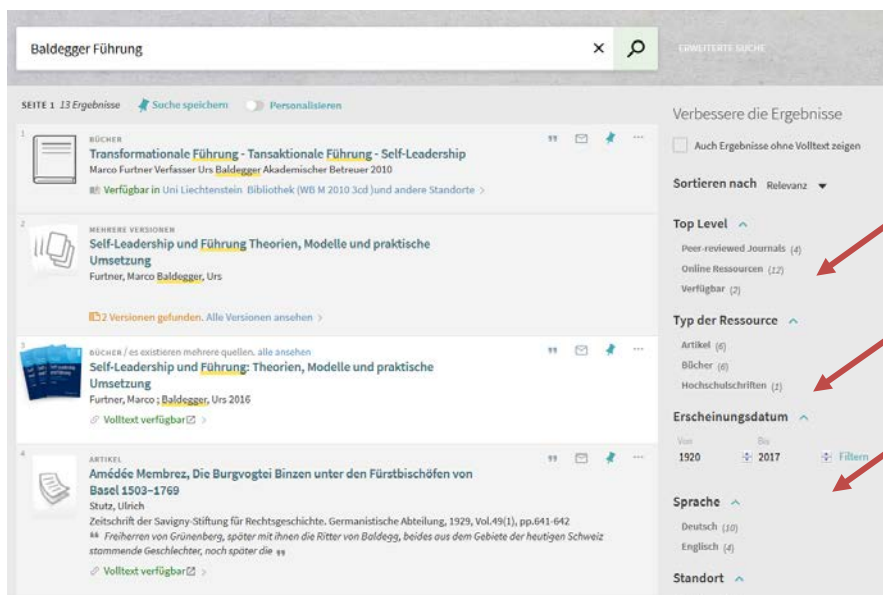

With a search query in **Primo Metasearch** you can find all print media of the University Library of Liechtenstein, as well as most licensed e-books, e-journals and journal articles. In addition, many Open Access (OA) resources are connected with full-text access.

Simple search

Register and enter your search terms in the search field (author, title, technical terms, etc.)

Result list for both search terms:

Your result list can be filtered, e.g. by media type, year of publication or language

The result list contains information on the media type, title, author, and availability. You can save the complete list "Save search", add the individual titles to your watch list or send the title information by e-mail.

Advanced search

For a specific search we recommend the "Advanced Search", where you can **combine several search terms** and make the **restrictions**, such as type of media (e.g. only articles), year (e.g. publications after 2010) or a specific language (e.g. English literature).

The biggest difference to a simple search is that the search is limited to a **certain type of material**, usually "Books/E-Books".

(e.g. *architecture AND history, in books/e-books, all languages and any year of publication*)

The screenshot shows the library search interface for the University of Liechtenstein. At the top, there is a search bar with the text "Search anything" and a magnifying glass icon. To the right of the search bar, the text "ADVANCED SEARCH" is circled in red, and a red arrow points to it from a box labeled "Advanced search". Below the search bar, there are several search criteria and filters. The first criterion is "Title is (exact) landscape". The second criterion is "AND Any field is (exact) design". To the right of these criteria, there are three filter options: "Material Type Books/E-Books" (circled in red), "Language English", and "Publication Date Last 5 years". At the bottom left, there are buttons for "+ ADD A NEW LINE" and "CLEAR". At the bottom right, there is a "SEARCH" button with a magnifying glass icon. The search criteria are summarized at the bottom as "Title is (exact) landscape AND Any field is (exact) design".

Result list

The results of both a keyword and an index search are displayed in the **result list**. Only **author, main title, year of publication and stock/availability** are indicated.

The screenshot shows a search results page with 20 results. The first result is "Drawing for Landscape Architects" by Sabrina Wilk, published in 2014. The right sidebar contains filter options: "Tweak my results" (with an arrow pointing to it), "Expand My Results" (checkbox), "Sort by" (Relevance), "Availability" (Full Text Online (19), Available in the Library (2), Open Access), "Resource Type" (Books (20)), "Classification RVK" (ZH 3550 Architekturzeichnen (1), ZH 9000 Raumordnung, Städtebau (1), ZH 9665 Landschaftsplanung (1)), "Creation Date" (From 2014, To 2018, Refine), and "Language".

Filter options for the results list

Detailed information is displayed in the **full title view** when the desired title is selected.

The screenshot shows the full title view for "Drawing for Landscape Architects" by Sabrina Wilk, published in 2014. The page includes a "Send to" section with options: EXPORT BIBTEX, EXPORT RIS, REFWORKS, ENDNOTE, EASYBIB, CITATION, PERMALINK, PRINT, and E-MAIL. A "REQUEST: Hold" button is circled in red. The "LOCATION ITEMS" section shows "Uni Liechtenstein" and "Bibliothek (ZH 3550 W681)". A dropdown menu is open, showing "On Shelf" (ausleihbar) and "Bibliothek ZH 3550 W681" (Hold).

Further down in the same window you can see the exact data of the selected title, as well as the scanned **table of content** under Links:

The screenshot shows a library catalog entry for the book 'Drawing for Landscape Architects' by Sabrina Wilk. The entry is divided into two sections: 'Details' and 'Links'. The 'Details' section lists various attributes such as Title, Author, Subjects, Classification RVK, Publisher, Language, Format, Series, Related Titles, Source, and Identifier. The 'Call number' is highlighted with a red underline and a red arrow pointing to a red-bordered box containing the text 'Call number for searching in shelves'. The 'Links' section includes a link to the book's record in the 'Gesamtkatalog Liechtenstein' and a link to the 'Inhaltsverzeichnis (pdf)', which is also highlighted with a red underline and a red arrow pointing to a red-bordered box containing the text 'Inhaltsverzeichnis = table of content'.

Details	
Title	Drawing for Landscape Architects
Author	Sabrina Wilk Verfasser >
Subjects	Landschaftsarchitektur > Landschaftsgestaltung > Technisches Zeichnen > Anleitung >

- [Inhaltsverzeichnis \(pdf\) ⓘ >](#)

The **call number** makes it possible to find the book in the library's holdings on site. Please refer to the overview lists on the shelf fronts.

Stock display

Information on each copy can be found both in the **results list** and in the **full title display**.

Example 1, Title is only available in the university library:

(e.g. the only copy of the title can be found in the university library, it is on "not available", because it is borrowed until 18.9.2018)

Get It

REQUEST: Hold

LOCATION ITEMS

Uni Liechtenstein
Out of library, Bibliothek (CV 1000 A769(9))

18/09/18 24:00 Bibliothek CV 1000 A769(9)	ausleihbar	Hold
--	------------	------

Example 2, title is available at two locations:

(e.g. the title is "available" at 2 locations: the University of Liechtenstein and the Liechtenstein Institute (Bendern). click on the holdings of the University of Liechtenstein to view all copies in the University Library and the reference libraries)

Get It

REQUEST: Hold

LOCATIONS:

Uni Liechtenstein Available, Bibliothek ; (QH 310 W913(5)+2)	>
Liechtenstein-Institut Available, Bibliothek ; (QH 310 W913(5))	>

For example, please always select the holdings of the University of Liechtenstein.

et seq. see next page

IMPORTANT: Please always look through all items and note the date, because "Available" does not mean that it can also be borrowed TODAY from the University of Liechtenstein!

(e.g. both items of the title are on loan, but can be reserved)

Get It

REQUEST: Hold

< BACK TO LOCATIONS

LOCATION ITEMS

Uni Liechtenstein
Available, Bibliothek (QH 310 W913(5)+2)

18/09/18 24:00 Bibliothek QH 310 W913(5)	ausleihbar	Hold	▼
18/09/18 24:00 Bibliothek QH 310 W913(5)+2	ausleihbar	Hold	▼
On Shelf Handbibliothek Institute 40/QH 310 W913(...)	beschränkte Ausleihe	Request not available	▼

Titles with the location "**Handbibliothek Institute**" (=Reference library at the institutes) cannot generally be ordered or reserved. The person responsible for the reference library must be contacted directly, they can borrow the book if required.

It is important that they do not appear in your lending account, as they are borrowed directly from the respective reference library of the institutes!

→Informationen to the contact persons can be obtained directly at the counter in the library or in the institutes.

3. Electronic resources in the library

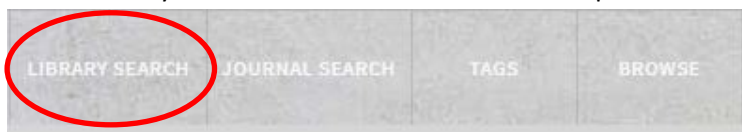

All licensed **e-books** and **e-journals** available in the library, on campus, or from outside the campus via Citrix VPN connection are displayed in Primo. Most of our licensed databases (except the legal sciences, see list on page 13) are also connected to Primo. In addition, Open Access resources with full text access are also connected.

www.uni.li/de/universitaet/services/bibliothek

For direct access and detailed information on our licensed e-resources, please visit our website under **Online Databases** and **Electronic Media**.

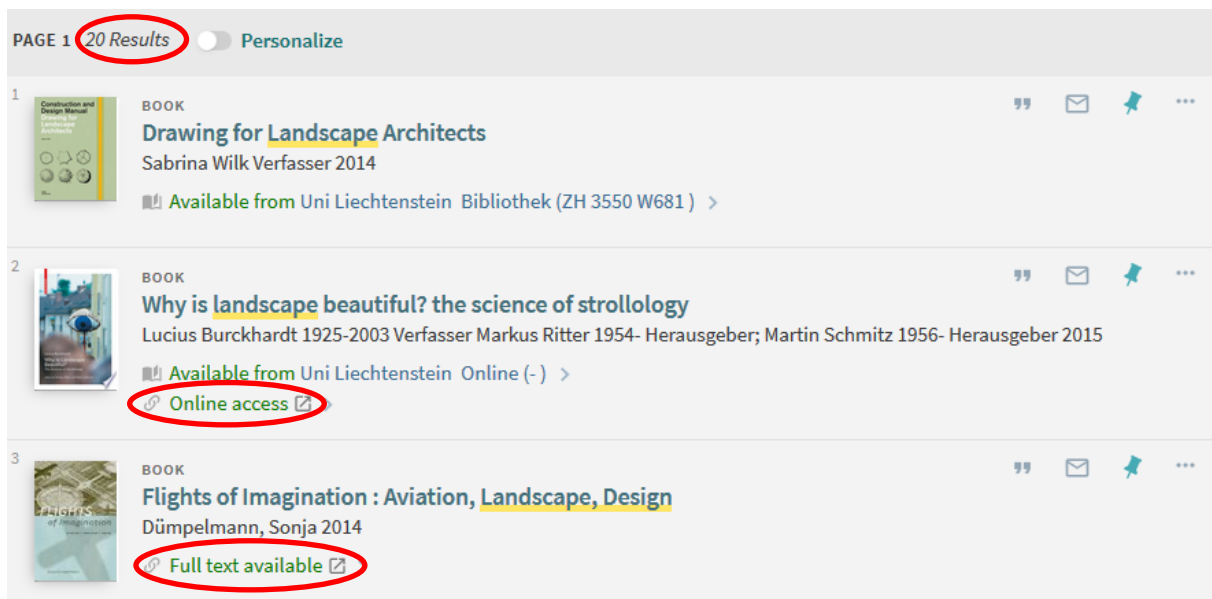

Search E-Books

Select "Library search" in the header line at the top:

Basically, Primo does not differentiate between books and e-books in the hit list. If a search has been carried out, the hit list can be restricted to **online resources (= full text online)** using the filter options.

(e.g. search for *architecture AND/AND design*, yields 20 results)

Now **filter the search** for "Full Text Online". (New the search results in only 10 hits)

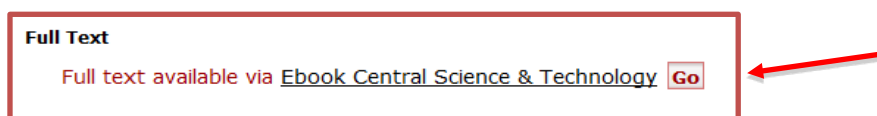

Open and view e-books

Access to the title is via the green "Online access" button. The page with the complete content, chapters etc. is opened directly.

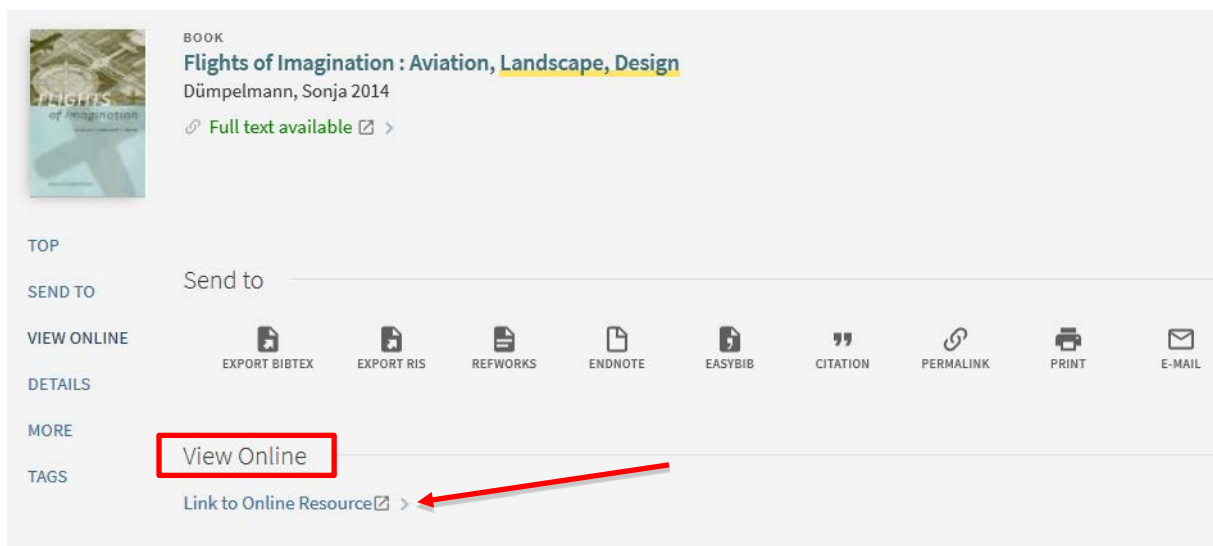

You will be redirected to the title page of the respective provider. Because there are different providers, and so the access to the e-books differs.

For some e-books with the status "full text available", the online resource is accessed via an SFX window that opens. Just click on the "Go" button.

If this does not work, click on the title and select it in the detailed view under "View Online". Another window opens directly to the contents of the e-book or via SFX window (see above).

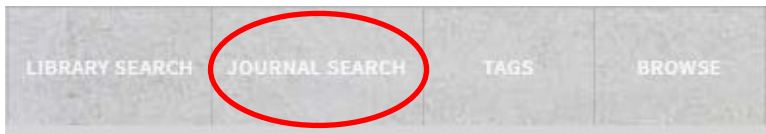

For e-books from the **E-Book Central database**, instructions are given below to ensure that the e-books can be used with DRM without hindrance:

[Download DRM geschützte E-Books auf Computer \(Anleitungsvideo\)](#)

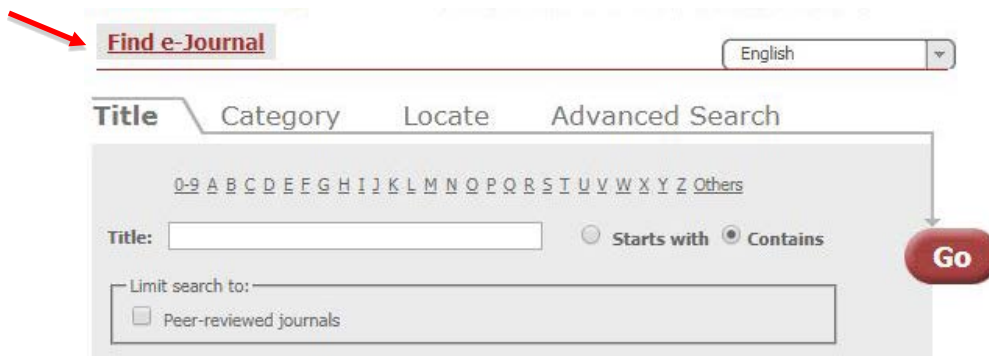

[Ebook Central Info](#)

Search E-Journals

If you would like to search specifically in the licensed e-journals, select "Journal search" in the header line:

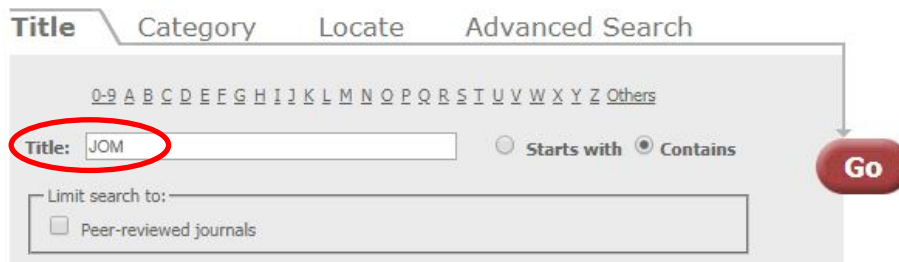

A new window opens with an input field and the possibility to search alphabetically.

© 2018 SFX by Ex Libris Inc. |

The search is confirmed with the OK button or Enter.

Total number of e-Journals: 4

5. Databases and electronic media

Under the item "Research" you will find an overview of the databases and electronic media of the Library of the University of Liechtenstein.

<https://www.uni.li/de/universitaet/services/bibliothek/recherche-1>

Architecture, Art

ARTstor - Images for Education & Scholarship

Over two million digital images in the areas of art, architecture, humanities and social sciences

DETAIL inspiration

Image and reference database with more than 3000 projects from the last 30 years of architecture magazine DETAIL

Economics

ABI/Inform

Management, finance and banking, accounting, trade; also technology, IT

Business Source Premier

Marketing, management, finance, economics; market research, industry and country reports

EconLit

Digital Bibliography: economic theories, production, country studies, trade, social indicators

EconBiz

Business Administration, Economics and Business Practice

ScienceDirect

Business, Management and Accounting; Economics, Econometrics and Finance

WISO

German language sources from economics and social sciences, psychology, law

Law

FL - rechtportal.li

Decrees, minutes of the state parliament; reports, applications and statements of the government

FL - LIZ Liechtensteinische Juristen-Zeitung

Web portal of the Liechtenstein Judges Association; treatises and collection of decisions (LIC incl. LES)

CH - Swisslex

Commentaries from 16 fields of law, collections of judgements, specialist journals, specialist literature

AT - Rechtsdatenbank

Publications on legal texts and jurisdiction; legal journals

AT - Lexisnexis Recht

Taxes, law and economy

DE - Beck-Online

Collections of judgments on jurisdiction; legal texts, comments

DE - JURIS Das Rechtsporal

Court decisions, judgments, laws, norms and commentaries

UK/ USA Hein-Online

Law Journal Library: more than 1500 journals on law and political science

Interdisciplinary**Britannica Academic**

Largest English-language general encyclopaedia

Britannica ImageQuest

Database of over three million images covering all subject areas

Dissertations & Theses

References of over 2.4 million dissertations and master's theses from all over the world since 1861

Journal Citation Report (JCR)

Evaluation of scientific journals according to the criteria of the Institute for Scientific Information

NZZ Online

Archive of the NZZ from 1993 until today; NZZ am Sonntag from 2002 until today

EDIS

Electronic Dissertations of the University of St. Gallen

Publikationen der Universität Liechtenstein

Annual reports, scientific magazine Denkraum, publications of the institutes

Other Electronic Media

ACM Digital Library

Computer Science and Information Technology

AIS Association for Information Systems

Business information systems

ELGAR Online

E-books on business administration, management, economics, finance, law

Emerald

Management; in particular strategy, leadership, marketing and human resources

JSTOR - Journal Storage

Business Collection I&II; full texts of electronic and digitised journals

SAGE Journals - New Style Management & Organisation Studies

Full-text journals in the field of corporate management, available from 1999.

Springer

e-books on economics (mostly German titles) and e-journals (German and English)

Wiley Online Library

In the Wiley Online Library, the university has licensed the following journals from 2011:

- Information Systems Journal
- human resource management
- Entrepreneurship Theory and Practice
- Strategic Entrepreneurship Journal
- Architectural Design

Vahlen eLibrary

In the Vahlen eLibrary the university has licensed the following journals since 2000:

- Marketing ZFP: Journal for Research and Practice
- WiST - Degree in Economics
