

SAP Student Academy – SAP E-Academy student edition

Access to SAP Education's most comprehensive, self-paced learning program leading to SAP Certification.

Students can obtain business critical skills and SAP Certifications with a rich learning program that includes access to a live training system and mentor support from SAP Education. Each SAP E-Academy student edition is mapped to a specific SAP Associate level certification exam and covers e-learning content that is equivalent to 3-6 weeks of classroom training.

SAP E-Academy student edition comes in two variations and access durations based on complexity and length of training content.

Category A (see next page for more details)

- ✓ 2 months of e-learning access and mentor support
- ✓ 3 weeks of training system access

Category B (see next page for more details)

- ✓ 3 months of e-learning access and mentor support
- ✓ 6 weeks of training system access

PURCHASE PROCESS

In order to purchase access to SAP E-Academy student edition a student must be registered with a university that is signed up to the SAP Student Academy program. Once the university is a member of the program they can purchase access from the local SAP Education branch
